To the Daughters of America,

The opportunities afforded to you in the coming years will be significantly impacted by the decisions we make in the ballot box. I pledge to vote for your future. I pledge to vote for constitutionally protected access to healthcare. I pledge to vote for support and funding for education. I pledge to vote for equal pay for equal work. I pledge to vote for equal representation.

Whether you're my daughter, my neighbor, or a girl I've never met, I pledge to vote for you.

For our daughters' futures,

**VOTE
FOR YOUR
DAUGHTER**
